WHO WE ARE

Castlewood Group is an apparel manufacturer with offices across the United States and overseas. The Castlewood Group designs, manufacturers, and sells mens, ladies, boys, and girls apparel to over 200 retailers operating more than 10,000 stores worldwide.

Due to the outbreak of COVID-19, we recently converted we recently converted many of our apparel factories into PPE facilities and have shifted a substantial amount of our company's energy and focus to delivering various masks, hand sanitizers, gloves, wipes and other PPE to essential workers and our customers serving the frontlines of the pandemic. We are currently supplying PPE to various retail chains, supply distributors, government agencies and other commercial customers to meet their supply requests.

Our Global Network

Our greatest asset is our international network of dependable partners. The depth of our relationships and intermodal logistic solutions is the foundation of our reliability. Given the unpredictable nature of trade, it is now more important than ever to have a reliable partner you can count on.

COVID-19

The COVID-19 pandemic has led to an unprecedented shortage of PPE and other critical care devices. Our manufacturing process prioritizes stock of hand sanitizer, alcohol wipes, and masks to our clients.

SUPERIOR DISINFECTANT

What sanitizer should you buy? Here's an easy-to-use guide to the products we offer to help prevent the spread of germs.

Blue Cedar® Hand Sanitizer

Standard protection by reducing bacteria on the skin, this advanced antiseptic gel contains 75% Ethyl alcohol with a formula for sensitive skin and kills 99.9% of germs.

Bottles and Wipes

We offer a variety of disinfectant products including bottle sizes from 2oz to 1 gallon and alcohol wipes in either barrel or bag casings.

FACE MASK

Our manufacturing facility has produced quality fabrics for over 30 years. They have converted their facilities to help produce critical PPE during this pandemic.

The blue single use non-medical disposable face masks feature a comfortable material that helps block exhalation from the mouth and nose, and to filter inhalation of fluids and particulate matter. The 3-ply filter system consists of nonwoven material with the blue side facing outwards and earloops to secure the mask in front of the face and softly back over the ears. The moldable nose clip fits around the bridge of your nose to ensure a close wear.

Features:

- 3 Layer Filter System
- Earloops
- Moldable Nose Clip
- One size fits all
- Disposable

We strive to stay in constant communication with all our partners. Have a question about our business, or want to see if we can meet your specific needs?
